One day with Oliver

. Nobody could sleep. I told our friends who had been rested on to walk to steal a handkerchief or a jacket. It was seven a.m., I went with Oliver to the police station. Oliver had to pretend he was a bad brother and me a mother worried for her son. Oliver had described a young boy while, I had explained that they had lost their father and since this event the child was very disturbed. When we returned Fagin sermonized our friend. He told us that at the first false step nobody would come to seek us.

I took my box cover under the plank in the celler for any people did'nt take it, but Oliver slept in the plank. When he woke up I saw my jewelry, I was surprised. I took a knife and ran to him, putting the knife under his throat. ② It was 1.00 a.m, we were in our home (with my band) and Bill Sykes and Nancy. I asked Bill and Nancy to find him.

③ It was night twenty two, I was in prison I was going to be hunged. I saw arriving Mr Brownlaw, Oliver and the guardian to open the door.

In a morning Nancy and Bill Sykes were together in a street to steal scarves in front of the library. Nancy got ten and Bill Sykes got only three. Nancy told me that she wanted to stop stealing and that she had decided to denounce him to the police. I told Bill Sykes she wanted to tell the police and he decided to kill her because he didn't want ~~that~~ the police to find him.

He asked Fagin to come with him. At 10 p.m Fagin, Nancy and I, we were fishing on a bridge. It was very dark. Nancy got three fish. Fagin just got (only) one. Fagin remembered Bill Sykes conversation Suddenly Fagin pushed Nancy in the water. I was looking at her. Bill Sykes arrived and shot Nancy in the water.

My diary

I woke up at 9:30 am, I shared my bedroom with Camelia, in the bedroom so to speak there were clothes everywhere and food. Fagin came to get me, I went to the market. Fagin was in a bad mood without a doubt again because of Coquin, he had even stolen a jewel in its box. Short we left the market to stole bread, fruit, of food among others the jewel (bracelets, ring...) and we were to the shack at 7:15 pm, Bill was here to take what we had just stolen. But we saw that there was a kid next to Fagin pretty cute apparently he was an orphan, I went to sleep.

It was not worth 60 pounds

I was going to the district to know the action of the day when I saw my friend. Her name was Romane, loved and known in the neighborhood as a prostitute. She had not found a single customer, I was welcomed. We talked that she had an idea, rode in a carriage with two rich men and propose them to drink a shot during transport, to steal their purse purse when it is there. After a few minutes, a carriage arrived with a men inside we stopped, then mount inside. We talked when him proposed to drink. He gladly accepted, the called Mr. Broke, during that Romane occupied Mr. the Broken, I to stole her purse, and took the money then we went away. We had to win 60 pounds in 20 minute, it was the perfect plan, but it was not as it was going designed to take if he saw that he had stolen money, we were caught and threw us into prison

Nancy after a long exchausting day Selling chocolates ~~corner~~ without ~~Uber~~ ~~or~~ eating I finally got home I was hungry and tired, no hopes to be ables to eat and drink because in the fridge there was nothing as usual. Back on the road I perceived from afar Market fruit and vegetables. It did not just prevent me ~~to~~ go stealing with my two friends Jean and David. I was not used to Stealing but It did not just prevent me.
The police arrived and took Jean and David and Nancy with them.
They went to the police when Suddenly ~~ly~~ the police Set a time leaving Nancy and its friends in the office. I got up from my chair and went at full Speed. the police Stopped and arrested them but not me because I ran away.
From ~~day~~ that day the police have not found me.

A Nancy's day:

This morning, I ~~woke~~ up at 8.00 a.m. in my small, dirty room and ~~messy~~ and left to join Coquin at the market to steal handkerchiefs and jewels. We left with them cops who pursued, but we managed to escape. Then, I went to Fagin to take the punch stolen in the morning at the market, in a small room ~~messy~~ and to play cards. After, I returned to my house and the evening with Bill Sikes we went to Fagin to look at the crop of the day. After we saw the crop, we returned to our house and I was busy preparing the meal, stolen the morning.

Stole and escape

Today, were caught by the police. Every thing was fine. We went out to find eat. We saw a woman bying bread. We waited for her to put it in her bag and we stole it. The policeman we saw had to run and scatter. A cop liking my boots so I stabled him in a dark street. But he found me so I climbed the stairs of the house. I arrived on the balcony I had so I looked around me. I saw a rope so I threw it and jumped to the other odds and ~~finally~~ was to return. In the city, there were posters all over the walls and I was among them. I would not let them hang me. So I went stealing every where carefully. The policeman who had followed me in the after noon was there. I tried to go but he had seen me this dog. Se I had to espace again I had marbles in my pocket so I them it and he slipped on them.
